

# Annual Temporary Food License Application

Iowa law prohibits a food establishment (including an Annual Temporary Food Establishment) from opening or operating until a license has first been obtained from the appropriate regulatory authority. Penalty Fees will be assessed for operating without the appropriate licensure.

**A Temporary Food Establishment is a food establishment that operates for a period of no more than 14 consecutive days in conjunction with a single event. An “Event” is a significant occurrence or happening sponsored by a civic, business, governmental, community, or veterans organization and may include an athletic contest. For example, an event does not include a single store’s grand opening or sale.**

Completed applications and documents must be submitted at least **30 days prior** to the first Event. An Annual Temporary Food License is issued on a countywide basis and may be used at Events within that county. One license per County of operation must be obtained OR a temporary Food Establishment license must be obtained in Counties in which you do not hold the Annual license. Temporary food establishments that operate simultaneously at more than one Event within a county are required to have a separate license for each location.

Once the application, other required documents and appropriate fees are received and processed, the Department will review the information to determine if an Annual Temporary License may be issued.
